

5th Annual Auction & Dinner

Aviation High School PTSA is pleased to announce our Fundraising Dinner and Auction

Aviation High School is a public school with students from all around the Puget Sound area who pursue their passion for aviation and aerospace. They experience a unique STEM (science, technology, engineering and mathematics) focused learning environment that prepares them for all higher education pursuits.

On Saturday, November 19th, 2011 the Aviation High School PTSA will host our ***The Sky is Not the Limit Auction***. The financial support gained through our annual auctions is imperative, and truly makes a necessary and positive impact in our classrooms.

As a vital member of the business community, you can make a difference in the lives of this tremendous group of young people, while also gaining some great marketing benefits that will highlight your business and the quality product(s) we are proud to display for you.

Here are the simple ways that you can help us reach our goal:

- **Donate an item, service, event, or destination:** Products and/or promotional materials or certificates will be prominently displayed for all to see and bid on and all of our donors will be listed in our auction catalog. Please use the attached form and include it with your donation.
- **Table sponsorships:** Bring focused recognition to your business in all event advertising, including prominent placement in our auction catalog, and focused attention from the live auction stage! Plus, ten prime seats for you and your special guests.
- **Advertising opportunities:** Prominent placement of your personal advertisement in our auction catalog which is distributed to all attendees and posted on our website.

We hope that you will join us in support of ***The Sky is Not the Limit Auction*** as we work towards our mission of preparing students for college, career, and citizenship. Your willingness to help means a great deal to the students and faculty at Aviation High School and we truly appreciate your support.

Sincerely,
